

Can I store license information in the computer registry?

Last Modified on 01/06/2017 6:51 pm CST

Yes, you can. The licensing system looks for license information in the following locations.

1. License File in the in the installation directory.
2. Local machine registry:

Windows Deployment		Path
--------------------	--	------

64-bit	64-bit	HKEY_LOCAL_MACHINE\SOFTWARE\Spider Financial\NumXL
--------	--------	--

64-bit	32-bit	HKEY_LOCAL_MACHINE\SOFTWARE\WOW6432Node\Spider Financial\NumXL
--------	--------	--

32-bit	32-bit	HKEY_LOCAL_MACHINE\SOFTWARE\Spider Financial\NumXL
--------	--------	--

3. Current user registry under the following path: HKEY_CURRENT_USER\SOFTWARE\Spider Financial\NumXL
